1. I, _____, will pay an initial one-time registration fee of \$325, plus a total of \$900 per year, divided into quarterly payments of \$225 per quarter for access beginning ___/___/___ and ending ___/___/___ for the above primary participant and the following individuals:

Prorated agreement terms: _____

2. Quarterly payments are due by the last day of each quarter, for access previously provided during that quarter. (Quarters end March 31, June 30, September 30, and December 31 of each year). For example, payment for January, February and March is due by March 31. If the full quarterly payment is not received in the office by the last day of the quarter and no written notification for opting out of the program is received, a bill will be mailed to the participant, and a minimum of \$10 billing fee will be assessed for each bill. To avoid a billing fee, send in full payment by the last of the month in which it is due. The participant will not receive notification beyond this document prior to the bill and the \$10 billing fee.
3. This agreement can be ended for any reason by either party with 30 days written notice. If this occurs, a prorated payment will be due immediately for any months of access since the last quarter. Re-entry into the practice requires a \$100 re-entry fee.
4. **If payment in full is not received by the 15th of the month following the due date, emergency medical care only will be provided through the end of the month and the physician-patient relationship will be officially terminated at the end of that month. Any outstanding balance will be turned over to a collection agency at that time. Initials: _____ Date: _____**
5. The fee schedule is subject to change at any time, but will be available prior to any visit for review. Do not hesitate to ask for cost information prior to any visit or procedure.
6. A receipt at the end of each visit will be provided for the participant, who then has the option to submit this information to a third party payer (with the exception of Medicare). The physician does not contract with any outside payers and does not guarantee any amount of reimbursement by these systems.

I understand and agree to the above terms.
